

Appreciation of woman is the basis of man's existence. To appear well in the velvet optics of a woman's eye is the saving grace of man; without it nine-tenths of the men would cut out the tailor and drive the barber out of business; but thank heaven, for women! She stirs them up to compete with each other in looking and acting real nice. How to be well dressed at a reasonable price is the problem that confronts men of moderate means. We have solved the problem by giving a great deal of care and attention to the buying of our clothing. You will find in our spring line of clothing such patterns as are seen on Broadway and Fifth avenue, made up with the greatest care by the most skilled cutters and tailors, besides we have the exclusive agency for Ed. V. Price & Co., and B. Stern & Son, the two highest class merchant tailors in the United States.

## EVENTFUL LIFE OF ONE OF THE OLD RESIDENTS

**G. SIGARI CELEBRATED 85TH BIRTHDAY ANNIVERSARY ON WEDNESDAY—SOME OF THE INCIDENTS OF A LONG AND VARIED CAREER.**

G. Sigari, father of Frank Sigari and father-in-law to Officer Frank Benjamin, celebrated his eighty-fifth birthday on Wednesday, on which occasion there were present besides his sons and daughters, 37 grandchildren and great grandchildren.

Mr. Sigari came to the Gulf coast from Palermo, Italy, in 1840, and for 65 years has been a resident of this and other cities between Apalachicola and Galveston. When he first reached this country, coming ashore at New Orleans, he remained but a month after which he returned to Italy where he was married, coming to the Gulf coast again immediately thereafter, and locating in Apalachicola where he engaged in the fish and oyster business with his brother George. Soon after this Mr. Sigari secured a contract from the Spanish government to supply Havana with fish and oysters, which he did for a number of years, shipping from Key West. He is said to have been the first man to use oyster tongs in the waters of Franklin county and to have taken the first shipments of fish and oysters to the port of Havana from this country. Mr. Sigari has been a resident of

Pensacola off and on for the past 65 years, the last 22 years almost continuously. Notwithstanding his advanced age he is almost as straight as an arrow and carries his 230 pounds in a manner that would envy a man many years his junior.

One of the incidents of his long life which is more amusing to read of now than it was to those who actually participated in it at the time was in connection with the fort which was built at Apalachicola when the war broke out. At that time Mr. Sigari was the owner of a large schooner which he used in the coasting trade and when war was declared he was commissioned to go to New Orleans for a lot of bags which were subsequently filled with sand and piled up into a fort for the protection of the town. Mr. Sigari was chief gunner and, although the ordnance was neither very heavy nor effective, it was believed that the fort was sufficiently strong to stand off any hostile vessel that might approach that part of the coast. Just about the time that everything was in good working order the federal gunboat Port Royal put in an appearance and made the warriors take to the timber in short order, after which the guns and ammunition of the fortress were loaded on that vessel and carried off.

Mr. Sigari and his aged wife, who is also remarkably spry considering her years, now make their home with their son Frank and enjoy in quiet and happiness the autumn of their long and eventful lives.

## MARCH STILL CONTINUES "ON TO WASHINGTON"

SEVERAL MORE WITNESSES DEPARTED YESTERDAY AND LAST NIGHT—SERGEANT AT ARMS LEAVES FOR JACKSONVILLE. MORE SUBPOENAS TO BE ISSUED FOR PENSACOLIANS.

Several more witnesses who will appear in the Swayne impeachment proceedings before the United States senate left for the national capital during yesterday and last night. This morning Sergeant-at-Arms Webber will leave for Jacksonville to which place he has been ordered and where further instructions will await him.

Those who left yesterday and last night were: J. M. Muldon, T. C. Watson, W. J. Martin, A. L. Rittinger, J. O. Jennings and Deputy U. S. Marshal H. Wolf. Subpoenas were served yesterday on E. Mead Wilson, H. D. Merritt and H. F. Webb, all of whom will leave either Monday night or Tuesday at noon.

J. M. Muldon was served with a summons as president of the Osceola Club. He was notified some days ago that he was wanted in Washington and when he appeared at the depot last night and purchased a ticket for New York Mr. Webber approached him and formally advised him that he was wanted in Washington to testify in the impeachment proceedings. A subpoena which had been issued for the steward of the Osceola Club was cancelled yesterday.

E. B. Barker, formerly of this city but now a resident of Union Springs, was served with a summons at that place yesterday. Mr. Webber being advised of the fact by wire last night.

Sergeant-at-Arms Webber said last night that he did not know why he was being ordered direct to Jacksonville at this time as he was confident that there would be at least 10 or 11 more subpoenas to serve upon residents of Pensacola. It is believed, however, that he will be instructed upon arrival in Jacksonville to look into the case of Maj. J. H. Burke, president of the Florida East Coast Railway who, upon being served with a subpoena to proceed to Washington as a witness secured a certificate of illness from a physician, as it has been intimated in Washington that his illness was more or less one of convenience and that he did not want to appear as a witness. It is said that inquiry is also being made into the case of Judge Paquet, of New Orleans, who also furnished a certificate of illness instead of responding to the summons in person. There are eight or nine subpoenas yet to be served in Jacksonville, after which, in all probability, Mr. Webber will return to Pensacola to finish up the work here.

Referring to the punishment for contempt of the senate Mr. Webber said last night that he was satisfied that should anyone be brought before the bar of the senate he would be dealt with severely and probably made an example of. A person taken before the senate on the charge of contempt is not given an opportunity to purge himself of the contempt, the act of contempt being all that is necessary upon which to base sentence. The penalty for contempt is not less than 60 days in jail and not less than \$500 fine, and the action taken in the case of Major Durkee and Judge Paquet will probably have the effect of starting any delinquents there may be off for Washington at a gallop. There is no appeal from the decision in a contempt proceeding before the senate and there can be no defense.

**Will Be Held Responsible.**  
New York, Feb. 11.—Rear Admiral Sigbee, commanding the Caribbean Squadron, has notified the Dominican authorities, cables the Herald correspondent at Puerto Plata, Santo Domingo, that if any harm is done Lieutenant Commander Leiper the cruiser Detroit's executive officer who is in charge of the customs houses in Monto Christi, they will be held responsible.

### MRS. MORGAN DIES AT MOLINO

AGED LADY EXPIRED NEAR MOLINO YESTERDAY AFTER A BRIEF ILLNESS.

Mrs. Florence Morgan, age 59 years, died at her home Saturday morning at 5:30 o'clock a. m., near Molino, Fla., surrounded by loved ones. She was the wife of Thomas Morgan and the mother of five children, W. L. Elvis, G. J. W. H. and E. Y. Morgan. She was a member of one of the oldest and highest esteemed families of Escambia county.

Mrs. Morgan was a loving wife and mother and excellent lighted Christian lady, having been a member of the Methodist Church for a number of years, and one who will be greatly missed in the community in which she resided.

To the remaining ones it can be truly said that in the death of your wife and mother, you have sustained a misfortune which all who had the pleasure of knowing her, can fully estimate. I condole with you most sincerely on the sad event, and if the sympathy of friends can be of any consolation under the trying circumstances, be assured that all who know her, share in your sorrow and loss.

There is, however, a higher source of consolation than earthly friendship, and commending you to that I remain YOUR SYMPATHIZING FRIEND.

#### Funeral To-Day.

The funeral services will be held at the family home near Molino at 1:30 p. m. to-day, and the interment will be in the Morgan cemetery near that place.

#### The Leader in Champagne.

Statistics show an import of 131,330 cases of G. H. Mumm's Champagne, the highest record ever made. This is due to the remarkable quality of Mumm's Extra Dry now imported.

#### TO BE INSPECTED BY ADJUTANT GENERAL.

Captain Steven Lee, in command of the post, has issued orders for all members of both local military companies to assemble at Armory Hall in blue uniform on Monday night, February 13, at 8 o'clock, when they will be inspected by Adjutant General J. Clifford R. Foster and Col. S. T. Norvell, U. S. A., retired, who will arrive in the city to-night for that purpose.

A large attendance is urgently requested as, upon the attendance of the various companies through the state will depend the amount of the appropriation to be made by the war department for the Florida State Troops.

A second call has been issued by the company commanders of both companies, which appears in this issue. After the muster and inspection there will be a small entertainment rendered the Escambia Rifles in their company room.

#### \$50 REWARD.

A reward of \$50 is hereby offered for the arrest of T. Holmes. His description is as follows: Height about 6 ft., 1 in.; full black beard, glass eye on left side; age about 34; military walk and bearing; a native of Denmark. C. F. SCHAD, City Marshal.

**Knights of Honor, Attention.**  
Members of Bay Lodge 2505 will meet at the lodge rooms at 1:30 p. m. to attend the funeral of our late Brother, Capt. Dave Wilson.

By order of R. P. REESE, Dictator.
